Projects

- **Online Portfolio:**   *August 2021*
  My online portfolio is developed based on **HTML** and **CSS** where I have added all basic information with essential links.
    - GitHub Link: https://github.com/Priya077/online_portfolio

- **Book Record Management System:**   *June 2021*
  Book Record Management System is a software that is built to handle the primary functions of a library like adding new books, updating new information, searching books, etc. The main objective is to manage the details of the User, Issue, and Books. This project is developed using **HTML, CSS, PHP** and **MySQL**.
