EXPERIENCE

S&P Global

Gurgaon, India

Software Development Engineer II

Oct 2025 – Present

- Enhanced a large-scale investment management platform, improving efficiency and usability
- Diagnosed and resolved high-priority production issues, increasing system stability by 20%
- Designed backend optimizations in .NET, improving performance and response time
- Automated workflows, reducing manual effort and accelerating development cycle by 10-15%

S&P Global

Gurgaon, India

Software Development Engineer I

Jul 2023 – Oct 2025

- Developed interactive Power BI dashboards to improve business reporting and data accessibility
- Improved decision-making accuracy by 15% through enhanced visualization and reporting insights
- Automated reporting pipelines, reducing manual effort and reporting efficiency
- Collaborated with cross-functional teams to deliver scalable data-driven solutions

SKILLS

- Languages:** C++, C#, Python, JavaScript, SQL
- Frameworks:** .NET, ReactJS
- Databases:** MySQL, PostgreSQL
- Tools:** Power BI, Tableau, AWS, Git
- Core:** Data Structures & Algorithms, Object-Oriented Programming

PROJECTS

Medical Insurance Cost Predictor (GitHub)

- Built a Machine Learning model using Random Forest to predict medical insurance costs, improving prediction accuracy by 20%
- Developed a responsive web interface for user data input, enhancing data handling efficiency by 30%.
- Performed data preprocessing, feature engineering, and model tuning using **Python, Pandas, and Flask**

Movies Hub (GitHub)

- Developed a dynamic movie discovery web application using **React.js**, increasing user engagement by 10-15%.
- Integrated **TMDB API** to fetch real-time movie data including ratings, genres, and trending content
- Implemented features like search, filter, and sorting (popularity, genre, rating) to enhance user experience

EDUCATION

- National Institute of Technology, Tiruchirappalli** 2020 – 2023
Master of Computer Applications (MCA) CGPA: 8.07
- Barrackpore Rastraguru Surendranath College** 2016 – 2019
Bachelor of Science in Physics (Hons.) 76.38%

CERTIFICATIONS

- Microsoft Certified: Power BI Data Analyst ([Link](#))
- Google Data Analytics Certificate ([Link](#))
- AWS Cloud Practitioner ([Link](#))

ACHIEVEMENTS

- Secured second position in 'Breaking Barrier Hackathon' organized by S&P Global
- Achieved Runner-Up in 'Agamya Technical Symposium' conducted by NIT Trichy
- Earned AIR-6 in NIT MCA Entrance Test (NIMCET-2020)
